

Instant Self-Lighting Charcoal 3kg bag

Description

Comes in a box containing 6 x 3kg (2 x 1.5kg) Instant Light Charcoal bags.

Contains 2 packs of good quality instant light charcoal. Each pack has 1.5 kg of charcoal. Very convenient and clean. One 1.5kg pack provides enough heat to cook for 4 people. The product can be used as a fire lighter. Extremely popular with built in barbecues.

- Lights with a single match
- No firelighters required
- Easy, convenient and clean
- Ready to cook in 20 minutes
- Takes less shelf space in shops
- Clean product to keep on the shelf

Packaging

2 x 1.5 kg paper packs in a 3 kg outer bag. Display printing on outer bag. Warnings and instructions printed on the sides of the outer bag.
